

MODEL E3K

Photoelectric Sensor

- Retro-reflective photoelectric sensor
- Sensing distance 33 feet
- 42 to 240 VAC, 50/60 Hz supply voltage
- Adjustable sensitivity
- Enclosure rated NEMA 1, 4, 4X, 12 and 13
- 10 amp DPDT relay output
- Includes mounting bracket and reflector
- LED indicators
- Used as a safety device for gate operators
- UL listed
